SOCIÉTÉ GRICS AND LEARN: PARTNERS IN EDUCATION

Société GRICS and LEARN are major contributors of educational services and resources to Québec's English-language schools. The two organizations have joined forces to offer schools a cutting-edge video on-demand service, VoDZone Education. The partners will demonstrate why VoDZone Education, with tools such as Assignment Builder, Movie Maker, and Writing Prompt Builder, represents an important advance in classroom video technology.

LEARN will also present its latest tools, services, and provincial licensing agreements for our community. Make sure that your organization is wired into LEARN.

Workshop presenters: *Ann Quesnel, Société GRICS and Bev White, LEARN*

GPI, THE QEP AND PERCENTAGE REPORT CARDS

Join us as we present an overview of the most recent changes to GPI, specifically changes made as a result of the new percentage report cards. Participants will have a better understanding of:

- the context and impact of the report card changes
- MELs' requirements of School Boards
- solutions that GPI can offer

Workshop presenter: *François Gauvin, Société GRICS*

LEARNING IN COMMUNITIES

Listen to personal accounts of how LBPSB teachers are using Edu-group to promote learning in communities. "The Challenge", a collaborative and fun process developed by Marc Tremblay, involves community members in collectively creating their community.

Also, the newest functions of Edu-group, including videoconferencing capabilities, will be highlighted.

Workshop presenters: *Pierre Drouin, Société GRICS, Sharon Lamb and Julie Young, two teachers from Lindsay Place High School, Lester B.-Pearson School Board*

THE PROFESSIONAL DEVELOPMENT PORTFOLIO

Electronic portfolios provide an opportunity for administrators, professionals and teachers to demonstrate proof of their professional competencies. We will present several models demonstrating how portfolios can link professional activities to the professional competencies required of reflective practitioners.

Workshop presenter: *Susan Oliver, Société GRICS*

PEDAGOGICAL RESOURCES AND INTEGRATED SOLUTIONS FOR TEACHING AND EVALUATING THE SUBJECT AREAS

Société GRICS offers integrated solutions for teachers! Using French Second language as an example, we will show you the variety of learning and evaluation resources that can be chosen from:

- Carrefour éducation
- SCOOP!
- Zone libre en éducation (Open Source)
- La Collection de vidéos éducatives

Via Edu-clic you will be introduced to Learning and Evaluation Situations for:

- French Second Language
- Mathematics: subject-specific tasks and applications

Workshop presenters: *Alexandre Lanoix, Ann Quesnel, Maria Carrera and Patricia Juliano, Société GRICS with the participation of Bev White, LEARN*
