Answering the need for decentralization towards schools and specific departments, the INFINI software offers authorized personnel access, through the Internet, to school boards' financial, payroll and purchasing data. INFINI merges data from DOFIN, PAIE and ACHAT.

Intended clientele

- Financial services departments and schools

Main features

INFINI offers all authorized users easy access to financial data and the Internet constitutes the ideal platform for this. Users need only be familiar with financial data and have an understanding of surfing the Web to navigate the pages of INFINI. With a few clicks of the mouse, it is possible to perform a more detailed search for information. With INFINI you surf!

The software essentially allows the user to :

- perform a budget follow-up by ledger account, by account category and by project;
- directly consult accounts;
- consult financial histories;
- follow up on payments to suppliers;
- obtain the payroll cumulatives, by employee or by ledger account.
